Angelfall isn't the best book about angels that I've read, but it has restored my faith (har har) in the genre. The first half of the book probably garners a 4-4.5 stars, the second half a 2, so my rating is an average. In some ways, it's frustrating, because I enjoyed the first part of the book so much, the ending, as action-packed as it was, felt out of place and contrived.
